## 1. Background Information

### About the school

- 1.1 St Margaret's Preparatory School is an independent day school for pupils aged between 2 and 11 years. The school was founded in 1873 and is situated in Calne, Wiltshire. St Margaret's shares the site with the senior school, St Mary's, Calne. The school is divided into pre-prep which includes the Nursery and Early Years Foundation Stage (EYFS) and Years 1 and Years 2 and the prep department for Years 3 to 6. Since the previous inspection the school has remodelled the interior of the existing nursery building and extended the outdoor covered play area.
- 1.2 The school is as a charitable trust, with governors acting as trustees of both schools. The St Margaret's sub-committee of governors oversees the day-to-day management of the school, with a full board of governors having overall responsibility for its strategic development.
- 1.3 During the period March to August 2020, the whole school remained open only for children of key workers. During this period of closure, the school provided remote learning materials for all pupils.
- 1.4 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on site to reduce contact within the school setting.
- 1.5 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.6 During the lockdown period of January to March 2021, all pupils other than vulnerable pupils or the children of key workers received remote learning provision at home.
- 1.7 Since 2020, EYFS profiles have not been externally moderated.

### What the school seeks to do

- 1.8 The school seeks to provide the best possible education for all pupils in its care. It aims to provide a stimulating and supportive environment, to foster curiosity and exploration in learning and to nurture positive and meaningful relationships to help pupils realise their potential.

### About the pupils

- 1.9 Pupils come from a range of professional backgrounds within a 15-mile radius of the school. The school's own assessment indicates that the ability of pupils is above average. The school has identified 32 pupils as having special educational needs and/or disabilities (SEND) of whom 18 receive additional support. No pupil has an education, health and care plan. Two pupils receive support for English as an additional language (EAL). The school has identified 14 pupils as more able and the school curricular and co-curricular programmes are adapted to meet their needs.

## 2. Regulatory Compliance Inspection

### Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

**This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards.** The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#), [Early Years Foundation Stage Statutory Framework](#).

**COVID-19: Inspection judgement do not cover the period March to August 2020 inclusive.**
